

ESAI Undergraduate of the Year 2017

The ESAI are asking each third level educational institute to nominate the best Level 7 and Level 8 student undertaking an environmental research final year project in 2016-2017. The best student from each institute will get an award for their contribution to the environmental field in Ireland.

Suitable research topic may include:

- Water Quality and Resources
- Biodiversity and Ecosystem Services
- Waste Management
- Energy
- Climate Change
- Invasive Species
- Environmental Policy and Communications
- Environmental Socioeconomics
- Ecotoxicology
- Environment & Human Health
- Environmental Management
- Air Quality and Urban Development
- Marine and Coastal
- Sustainable Transport
- Nanotechnology and the Environment
- Sustainable Land Use and Agriculture

Closing date: July 19th 2017
